

# Young Professionals Networking Event

1818 Market St | Nov 8, 2023 | 6:00 PM

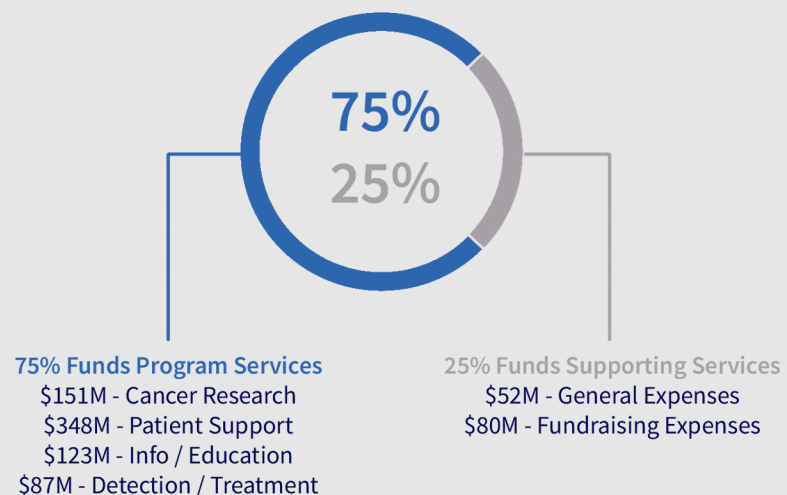

## Network. Learn. Engage. Fundraise.

The Young Professionals of the American Cancer Society empowers and engages emerging leaders to network and build relationships while spreading awareness about early detection and prevention of cancer as well as the need to support cancer patients and their families through American Cancer Society programs like Hope Lodge, Road to Recovery, and the National Cancer Information Center.

### Your support will help us:

Since its inception, the Hope Lodge has provided over **500,000 free nights** to patients and caregivers who need to relocate for life-saving treatment. We hope to help the Hope Lodge continue to flourish; as well as the other services offered by ACS, including patient advocacy, 24/7 help lines, free rides to appointments, and the continued progression of transformative cancer research.
